

2.5.2 - The mechanism to deal with internal examination-related grievances is transparent, time-bound and efficient

The college has framed an efficient mechanism to address the grievances related to the internal examination which is transparent, time-bound, and efficient. The faculty assesses answer sheets at the scheduled time given by the internal examination committee after the conduction of the test according to the answer key. The faculty evaluates the answer sheets within a week of conduction of the test. The evaluated papers are shown to the students in class and the faculty accepts individual grievances from students if required. Their doubts and queries regarding the evaluation are also resolved at the earliest. There were 90 to 95 % of students passed in internal exam. So there is no complaint regarding the internal exam. The most complicated and technical grievance, if any, is referred to the examination committee and the Principal through the Head of the Department. Re-examinations have also been conducted at the departmental level for the students who were absent or failed in the previous theory/practical internal examination. The grievances regarding the internal examination marks in the university results have also been immediately resolved by the examination committee through the subject teacher. Faculty evaluates assignments based on the rubric created.
